Dr. Robert Kibugi has co-authored a new Book titled: "**Large Scale Land Acquisitions for Investment in Kenya: Is the participation, and benefits of affected local communities meaningful, and equitable? A case study of the situation in Lamu, Isiolo and Siaya Counties.**"

The Book, co-authored with Ibrahim Mwathane and Mwenda Makathimo, is the product of a three-year research project funded by Canada's International Development Research Centre (IDRC), and included extensive field research in the study areas. The book therefore captures the findings of the research, revolving around high-level policy findings and community-level action recommendations.
